1610/17 **Additional Unit Request: Boy 2A Officer Boos and**
00 **Shamoyan (Boy2 Ofcr Anderson and Rosales) requested**
additional units for a 415 crowd on Hollywood Blvd in
front of the Dolby Theater. Once at the location Ofcr
Anderson advised me of the following:
Boy2 A was at scene monitoring possible anarchist
activity of chalking the sidewalk with political
statements, the anarchists were blocking the sidewalk
and causing pedestrian traffic to veer around them.
One of the anarchist, a female, began shouting
obscenities at Boy2A. A large unruly crowd began to
swarm around the officers and the unit requested
additional units for their immediate safety. Ofcr
Anderson and Rosales was first on the scene.

The group made up approximately of 20 anarchists
(Wearing bandanas, black clothing) began shouting
and taunting the officers. A male black subject
approached Ofcr Shamoyan and walked up into the
officer's personal safety zone inches away from his
face. Ofcr Anderson recognizing the potential danger
blocked the male black subject from possibly pushing
Ofcr Shamoyan into the westbound traffic of Hollywood
Blvd. Ofcr Anderson pushed the subject away with both
his hands from his personal safety zone, the subject
using both his hands pushed Ofcr Anderson in his chest

area.

Ofcr Anderson requested LAPD for the crime of battery. FB 2 Ofcr Tesh and Ofcr Tizano was also on scene. LAPD Ofcrs Diamonte and Ofcr French responded to the scene to effect the arrest. However, the battery subject fled the location through the crowd and we were unable to locate the subject. I conferred with the LAPD units and due to the volatility of the situation, we disengaged from the location and responded to BID office without further incident.

No Officers were injured at the scene.

A citizen/witness (Kevin Burgus (309) 299-4380) came forward and gave Ofcr Rosales a statement of his observations. The incident was captured on Ofcr Rosales' IPhone and placed in "Share Ware" under BID Photos: 030715 Dolby Theater Anarchist.

Furthermore, I telephoned the witness Kevin Burgus who stated the following:
He observed a large male black approximately 270 pounds yelling obscenities at the Officers. He heard the officers yell repeatedly to stay back to the subject, the subject ignored the commands and advanced toward the officer, he observed the officer push the subject back in self defense and also observed the subject push the officer with both his hands into the officer's chest area. The witness further stated the officer had no choice but to defend himself because the subject was aggressively advancing on the officer in a threatening manner.
